MY TRIP TO

Portezuelo

A cool, beautiful place for outdoor fun

A beautiful place in the mountains

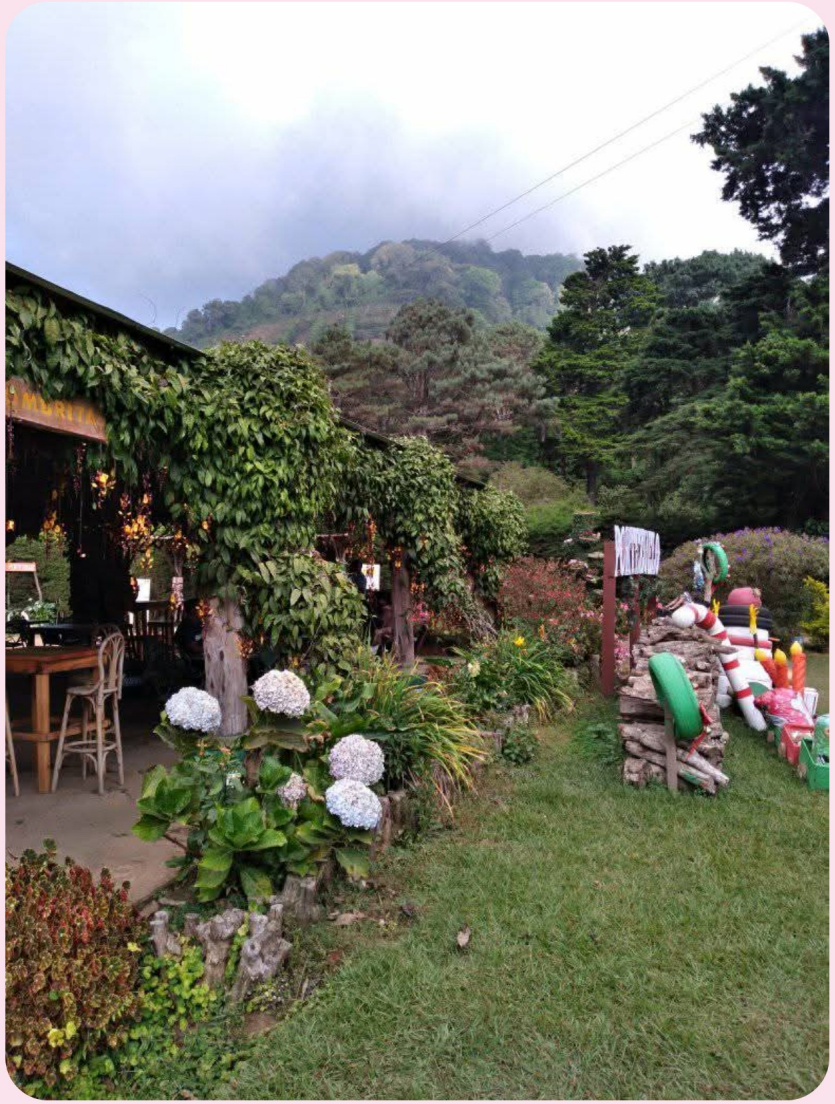

Portezuelo is an adventure park near Juayúa, on the famous Ruta de las Flores in western El Salvador.

It sits in a green cloud forest, surrounded by nature.

A cool and fresh climate

The air is cold and fresh, especially in the morning and in the evening.

It feels very different from the heat of the city. Bring a jacket!

Fun outdoor activities

Horseback riding

A guided ride through the mountains. Easy and fun, even for beginners.

Jeep ride

A bumpy and exciting trip on the mountain roads, with great views.

A place to enjoy nature

Cool weather, green views, horses and jeeps: a perfect day outdoors.
